

BRIEF

# MULTI-VENDOR TECHNOLOGY STACKS DELIVERED GLOBALLY

Myriad is the preferred global logistics and procurement partner of network operators, webscalers & cloud builders.

Here's why:

**Delivery Anywhere:**  
Precise estimates, risk mitigation, compliance

**World-class project management:**  
Projects completed on time and on budget

**Velocity:** Fanatical focus on responsiveness & speed

**Access:** Ability to source products from all major OEMs

**Integrated Racks:**  
Fully built & configured racks delivered globally

**Warehousing Services:**  
Eliminate lead times by ordering in bulk and taking delivery as needed

**Staging & Asset Tagging:**  
Increase deployment velocity with asset tagging, software upgrades, burn-in & pre-configuration

**Deployment:**  
On-site installation, cabling & configuration
